Feel free to use this document to introduce yourself:

Hi, I'm Ron Rogers from OCALI and I'm one of your presenters today.

GOAL Discussion: We will read the goal and as we read the goal feel free to make comments on the goal. For example, what kind of virtual meetings are you doing? Is it with adults or students? How are they going? How is the engagement?

Checklist part 1: How many of you use a checklist? Especially to lessen the cognitive load on your brain? Please put your thoughts in the Live Document.

Checklist part 2: Put in the Live Document the first thing that came to your mind when looking at the checklist. Look carefully at your peers comments. Did you see something you like from their comments? What do you like most about the checklist? We hope this activity was engaging for you.
